Accessory packs

For families, for business, for style and for practicality. Toyota accessory packs respond to the priorities in life. Each pack is themed around a recognised need and combines carefully chosen accessories to offer a great value way of personalising your Auris Touring Sports.

Alloy wheels

Hybrid key cover
Smooth, compact key holder for tidy pockets and bags.

17" alloy wheels
Your choice from Pitlane II or Podium II in anthracite with a machined alloy face or Pitlane II with a pure anthracite finish.

Air pack

Especially for Auris Touring Sports hybrid models. The air pack reinforces your car's look of premium styling by adding luxurious leather upholstery, a choice of alloy wheels, textile mats, scuff plates and a distinctive key cover.

Hybrid leather kit
Black leather seats, central console and armrest all with matching blue stitching.

Hybrid scuff plates
Polished aluminium to complement the detailing throughout your car's interior.

Hybrid textile floor mats
Combining the comfort of soft touch textile with strong carpet protection.

Accessory pack products are available individually. Please ask your Toyota retailer for details.

Accessory pack products are available individually. Please ask your Toyota retailer for details.

Side sills
A dash of chrome skilfully integrated along the side panels.

Chrome pack

The look is style, sophistication and attention to detail. The chrome pack's side sills, trunk garnish and rear bumper plate combine to emphasise the sculpted contours of your Auris Touring Sports.

Bumper protection plate
With a polished steel finish for great looks and tough paintwork protection.

Rear trunk garnish
The stylish chrome finish highlights your car's distinctive rear-end design.

Navigation
Depending which Auris Touring Sports model you drive, you can upgrade to outstanding multi-media navigation with Toyota Touch & Go, Toyota Touch & Go Plus or Toyota TNS350 (see pages 26, 27 and 28 for details).

Business pack

Your car becomes a focus for increased efficiency with the business pack. There's navigation to guide you, parking assistance and Toyota Hotspot to keep you connected wherever you go.

Parking aid
The ultrasonic sensors and in-car warning beeper of the Toyota parking aid system make parking your Auris Touring Sports even easier (see page 31 for details).

Toyota Hotspot
Turn your car into a mobile WiFi hotspot for up to 5 laptops, tablets or phones. Toyota Hotspot wires into the car battery system for constant power and uses a SIM card of your choice (see page 30 for details).

Trunk liner
Made of tough plastic and with raised edges to resist water, mud, sand and dirt.

Steel bumper protection plate
Stylish brushed metal to shield the bumper when loading or unloading the trunk.

Scuff plates
A great looking way to guard paintwork against the ins and outs of a busy life.

Utility pack I

The concept is custom designed practicality. Utility pack I's scuff plates, trunk liner and rear bumper plate give your car an extra layer of protection just where it's needed most.

Accessory pack products are available individually. Please ask your Toyota retailer for details.

Mud flaps
Designed to minimise water, mud and stones spraying onto your car's body. For the front and rear.

Side mouldings
Side panel styling combined with protection against minor damage. In black or painted to match your car.

Horizontal cargo net
Clips onto pre-fitted hooks in the trunk to secure bags and briefcases.

Utility pack II

Day to day essentials is the theme for utility pack II. It provides mud flaps and side mouldings to protect the outside of your car, and a cargo net and trunk liner for the inside.

Exterior style

Toyota exterior style accessories are a great way of expressing your personality. With a range of alloy wheels to choose from and design details such as sills, garnishes and fog lamps you can create a look of pure individuality.

Athena, 16", silver

Podium II, 16" or 17", anthracite with a machined alloy face

Podium II, 16", anthracite

Pitlane II, 17", anthracite with a machined alloy face

Orion, 16", anthracite with a machined alloy face

Pitlane II, 17", anthracite

Winter wheels

Especially for use with winter tyres. When the weather turns you can simply swap between the winter wheels and your normal alloys to avoid expensive tyre changes. In 15" and 16" sizes.

Wheel locks

The rounded profile and unique coded key maximise alloy wheel anti-theft security. Made of hardened steel and with a chrome finish to visually complement your existing wheel nuts.

Pitlane II, 17", anthracite with a machined alloy face.

Side sills

Finished in chrome and shaped to emphasise your car's streamlined side panel styling.

Rear trunk garnish

A stylish chrome finish to highlight your car's distinctive wagon rear-end design.

Fog lamps

With their chrome bezel design, the lamps offer added style plus strong illumination for bad weather driving.

Interior style

Toyota accessories reflect contemporary interior design at its very best. The prestige appeal of leather upholstery combined with subtle blue ambient lighting makes a clear statement of style sophistication.

For luxury, there's nothing to compare with the look and feel of a genuine Toyota leather interior. The presentation includes seats, centre console and armrest with each item made of top quality leather and having coloured stitching. Leather seating adds comfort for even the longest journey, dirty marks simply wipe away and the shape is fully compliant with side airbag operation.

Sport leather interior
Seats, centre console and armrest in black leather with red double stitching.

Hybrid leather interior
Seats, centre console and armrest in black leather with blue double stitching.

Standard leather interior
Seats, centre console and armrest in black leather with white double stitching.

Ambient lighting

Adds style and safety by automatically turning on when any of the doors are opened. It illuminates the footwell with a subtle blue light that enhances your car's high quality interior while also helping safe access.

Protection

Toyota protection accessories help you preserve your car's great looks for longer. Whether driving through town or country, on long runs or short trips, each accessory provides an extra layer of assurance against accidental damage.

Bumper protection plate – brushed

The protection plate guards rear bumper paintwork against scratching when loading or unloading the trunk. With a brushed steel finish.

Bumper protection plate – gloss

The polished metal protection plate provides a stylish way of preventing paintwork scratches when sliding luggage in and out of the trunk.

Side mouldings

Side panel styling combined with protection against minor damage. In black or painted to match your car.

Mud flaps

Designed to minimise water, mud and stones spraying onto your car's body. For the front and rear.

Wind deflectors

The aerodynamic shape increases your comfort when driving with open windows by reducing in-car wind noise and buffering.

Bumper corner protectors

Ideally positioned to guard against accidental scrapes. For the front and rear, and in black or painted to match your car.

Door handle protection film

Virtually invisible, yet providing tough protection against scratching by gloves, rings and keys around the door handle.

Scuff plates – hybrid
Providing solid protection for door sill paintwork. The scuff plates have a stylish polished aluminium finish and distinctive Toyota hybrid logo.

Scuff plates
Designed to protect door sill paintwork against scuffs and scratches. The polished aluminium finish introduces a compelling style detail to your car's interior.

Trunk liner
Made of tough plastic and with raised edges to resist water, mud, sand and dirt.

Rubber floor mats
Really tough carpet protection against mud and water. Tailored to fit and with special safety fixings on the driver's mat to stop it slipping.

Textile floor mats
Soft touch textile finish on a hard wearing backing for great carpet protection. Custom shaped and with safety fixings on the driver's mat to hold it firmly in place.

Luxury velour mats
Excellent carpet protection combined with the luxurious feel of a velour textile surface. The driver's mat has special non-slip fixings for added safety.

Hybrid luxury mats
Featuring a soft velour finish, stylish blue over-lock threads and safety fixings on the driver's mat to hold it secure. Luxury and protection combined in one!

Carrying and towing

Toyota carrying and towing accessories add an extra dimension of capacity to the already spacious Auris Touring Sports. Choices including roof-top storage, towing hitches and rear bicycle holders give you and your family extra flexibility for enjoying life's adventures.

Cross bars

For use with Toyota roof rails. The cross bars lock onto the rails and provide a secure base for the range of carrying attachments such as ski and luggage boxes and specialised bicycle and ski holders.

Ski box

Thule Motion 800 – gloss silver (also in gloss black)

For those big snow holidays

Thule ski boxes have been custom designed to exactly the right length, shape and capacity for securely carrying all your winter sports accessories.

Thule Motion 800

Dimensions: 205 cm L x 84 cm W x 45 cm H
 Internal volume: 460 litres
 Maximum content weight: 75 kg*
 Holds: 5-7 pairs of skis, 4-5 snowboards
 Weight: 21 kg

Features

- Open from both sides for easy loading and unloading.
- High security multi-point central locking system.
- Grip friendly key cannot be removed until all the locking points are closed.
- Fits Toyota cross bars.
- Internal straps for securing the box contents.
- Made of colour-fast UV resistant ABS plastic.

Ski & snowboard holders

Large ski and snowboard holder

Simply load and go

The holders install easily and lock securely onto Toyota cross bars so you can quickly load skis and snowboards whenever the inspiration takes you.

Medium size holder

Large size holder

Features

- Weight: 3.20 kg medium, 4.20 kg large.
- Skis secured between soft rubber for grip and to prevent damage.
- Central locking system for maximum security.
- Push release for easy opening with gloved hands.
- Large holder slides to the car side for easy loading and unloading.

Luggage box

Thule Pacific 200 – silver grey

Just right for families

For jackets and dresses, shorts, shoes and playthings; a Thule luggage box is perfect to carry all you need for those big family holidays and weekends away.

Thule Pacific 200

Dimensions: 175 cm L x 82 cm W x 45 cm H
 Internal volume: 410 litres
 Maximum content weight: 50 kg*
 Weight: 14 kg

Features

- Opens from both sides for convenient loading and unloading.
- High security multi-point central locking system.
- Grip friendly key cannot be removed until all the locking points are closed.
- Fits Toyota cross bars.
- Internal straps for securing the box contents.
- Made of colour-fast UV resistant ABS plastic.

*When installed on your car, the maximum allowable content weight is 75 kg minus the weight of the box and minus the weight of your cross bars.

Bicycle holders

Rear mounted multi-capacity
For secure transportation and easy loading and unloading. The clamp mounted holder is a universal solution that attaches to all genuine Toyota towing hitches. The Easy Click holder fits to the standalone bicycle holder bracket, or to the base of a Toyota horizontal detachable towing hitch when the hook has been removed.

Key product highlights:	Easy Click rear bike holder	Clamp mounted rear bike holder
Load capacity (bikes)	2	1
Total load capacity (kg)	36	15
Dimensions LxW (cm)	105 x 58	159 x 29

Fulfils city crash norm	Yes	
Miscellaneous	Maximum weight per bike: 20 kg. Fits bikes with disc brakes. Tiltable for easy access to trunk.	

Quick and easy roof mounting
The lockable lightweight design attaches to Toyota cross bars and has secure wheel and frame grips. Conveniently, the frame grip can be adjusted at roof height.

Fits square and extruded aluminium roof rack / cross bars
Locks bike to carrier
Locks carrier to car
-
Yes
UV resistant plastic. Fits wheel width up to 5.6 cm

Towing hitches - detachable and fixed

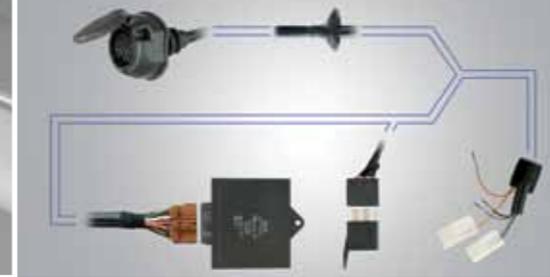

Toyota towing hitches are available with a fixed or detachable hook. Both provide a strong towing capability and will support Toyota rear mounted bicycle holders.

- Features**
- 1000-1500 kg towing capacity depending on petrol/diesel engine type, 345 kg capacity for hybrids*. The towing hitch is designed for your car's maximum towing capacity.
 - Supplied with a protective tow-ball cap bearing the Toyota logo.
 - All Toyota towing hitches can be used to support the 2 bicycle version of the Toyota rear bicycle holder.
 - The detachable towing hitch can be used to support the stand-alone rear bicycle holder when the towing hook is removed.
 - With the detachable towing hitch, a smart plastic cover is supplied to place over the base when the hook is removed.
 - On the detachable towing hitch, the hook attaches or removes by means of a turning knob that also incorporates a security lock.

* When fitted with towing package.

Towing hitch wiring harness

Safety for you and your car is at the heart of the Toyota towing hitch wiring harness. Individually designed for each Toyota model, the harness seamlessly integrates your car's lights and signals with those on a towed trailer or rear bicycle holder.

- Features**
- The harness has independent circuitry and a fused module to eliminate the risk of overloading your car's existing electrical system.
 - The fused module prevents a fault in the trailer's circuitry affecting your car's systems. For instance, your car's indicators will continue working even if those on the trailer fail.
 - Toyota specialists designed the cable route to safely avoid contact with moving car parts, heat, irregular surfaces and metal edges.
 - There are no loose or hanging cables that could catch on road obstacles or interfere when loading or unloading the trunk.
 - Strategic reinforced cable protection guards against accidental damage and the consequent risks of lighting failure or fire caused by electrical shorting.
 - Available with a 7 or 13 pin socket.

Socket adapters

If you have an existing trailer or rear bicycle holder, or perhaps you want to hire a trailer when you travel in another country, you may find that the plug socket is different to that on your new car. Such a problem is easily resolved! A Toyota socket adapter enables you to safely and securely connect your car's towing hitch wiring harness to that of a trailer or bicycle holder even if the plugs don't match.

- Toyota adapters are designed to provide a durable connection between different types of plug sockets. They are available in three versions:
- 7 pin (car) to 13 pin (trailer).
 - 13 pin (car) to 7 pin (trailer).
 - 13 pin (car) to 12N-12S double socket (trailer).

Interior practicalities

People and families can be very different in the way they live with their car. Toyota accessories respond to those differences by offering extra touches of personal practicality. Each accessory has been designed for a special purpose.

Trunk guard

The durable mesh design adds to safety by preventing stacked luggage tumbling into the passenger area and is also perfect as a dog guard to stop your pet climbing over the back seats.

Trunk divider

Works with the trunk guard to maximise your carrying flexibility. You can use it to divide the trunk space for two dogs, or a dog and luggage, or to separate different types of luggage.

Cool box

Ideal for picnics and days out. Plugs into your car's 12V socket to keep refreshments either hot or chilled.

Cool box transformer

Transforms 220V into 12V so you can use your cool box for refreshments at home or in your holiday chalet.

Horizontal cargo net

Clips onto your car's pre-fitted hooks to prevent bags and briefcases sliding around in the trunk.

Ashtray / small bin

You can use it as an ashtray or for extra storage. The spring-shut lid makes it ideal for both.

Innovative technologies

Whether at work or play, as a family or an individual, Toyota technology accessories create that essential link between you, your car and your lifestyle. The choices range from navigation multi-media and audio through to Toyota Hotspot, parking guides and security.

What is so clever about the Toyota technology range is that there is something for everyone. Each accessory has been created from the beginning with the user in mind. Every button, display and function is designed for easy operation and to meet a recognised need.

Toyota Touch & Go
Toyota Touch & Go is the ideal upgrade if your car is already fitted with Toyota Touch audio and you want to add navigation. It integrates seamlessly with the existing audio functionality to also provide pan-European map coverage and a host of travel extras.

The full colour maps are updated twice a year. Additional special features include touch-screen operation, advanced Bluetooth* compatibility*, travel apps, a places of interest database and a choice of languages.

Easy to use
A touch sensitive screen ensures easy operation. Touch-screen controls include fast map and menu scrolling and map zooming.

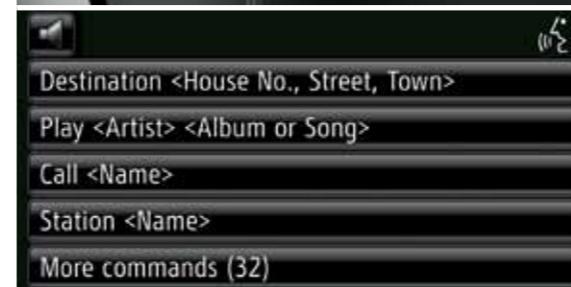

Driver-friendly
On-route instructions include lane guidance, speed limit and safety camera notification.

Toyota Touch & Go Plus
The Toyota Touch & Go Plus upgrade has everything from Toyota Touch & Go along with even more sophisticated levels of operation, communication and navigation. Maps are updated twice a year and are free for the first three years.

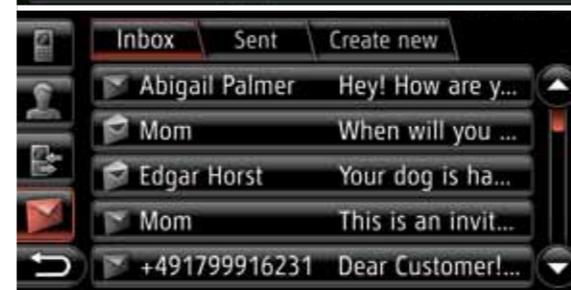

The many extra features include advanced voice recognition, 3D city models and a traffic patterns database for intelligent routing. Integrated Bluetooth* compatibility* means you can view and operate smartphone functions through the convenience of the Toyota Touch screen.

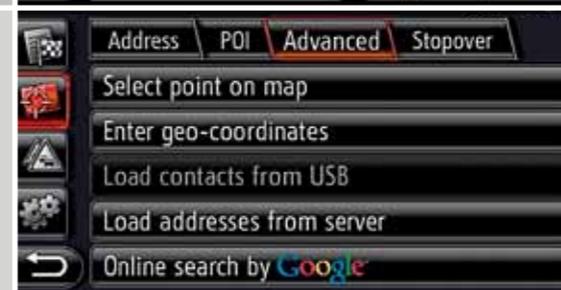

Advanced voice recognition
With Toyota Touch & Go Plus you can use voice recognition commands to input your route destination, search and play music, and search and call your contacts.

Text to speech
If you receive a text on your Bluetooth* phone while travelling, Toyota Touch & Go Plus can convert it to speech so you can safely listen to the message without taking your eyes off the road.

Email and calendar
Emails and calendar information received on a compatible Bluetooth* phone, and your response, can be displayed for high visibility on the Toyota Touch & Go Plus' 6.1" screen.

Advanced database routing
The Toyota Touch & Go Plus traffic patterns database enables optimised route planning according to individual road segments and by time, day and month for popular destinations.

*Contact your Toyota retailer for details of phone compatibility.

TNS350 multi-media navigation

The all in one Toyota TNS350 is a fully integrated navigation and multi-media hub. Touch-screen controls, a 5.8" screen and clear graphics make it incredibly easy to use. There's pan-European route guidance and media capabilities including an AM/FM radio, Bluetooth® and connectivity for your personal technologies.

Fingertip controls

Simply touch your finger to the TNS350 screen and slide it over the surface to scroll maps or search menus. With a menu, a gentle touch on your choice will access the information or reveal the next search level.

View video and photographs

TNS350's 5.8" screen is great for imagery. You can upload photographs from an SD card or view iPod® video via an optional cable. Picture viewer also enables you to personalise the opening screen.

Play your iPod®

You can connect your iPod® via its USB cable and then operate it with the TNS350's touch-screen controls. Even the album art is displayed. When navigation is active, iPod® information appears in a split screen alongside the map.

Hands-free Bluetooth®

TNS350 supports Bluetooth® communications and audio playback. Your phone's controls can be touch-screen operated, there's an integral pick-up microphone, and incoming calls feed through the car's speakers.

Toyota Hotspot

As the name suggests, Toyota Hotspot gives you internet access and effectively turns your car into a mobile hotspot. Simply load the Toyota Hotspot box with a SIM card of your choice and, as long as you're in a 2G/3G area, you'll have instant access to the internet and all the web has to offer.

The Toyota Hotspot connects up to five WiFi capable devices including laptops, tablets, smart phones and game systems and also enables in-car interaction between them. Importantly, the Toyota Hotspot is wired into your car battery system to ensure constant power supply.

- Designed specifically for in-car use and the special demands of temperature variation and vibration.
- Automotive design high speed dual antenna that enhances mobile reception and minimises doppler problems.
- Open to any GSM operator and so allows you to use a SIM card of your choice. It will accept a dedicated data transfer card and, when travelling abroad, you can fit a local card to avoid roaming charges or enable roaming on your card.
- Over-the-air software updating happens almost automatically.
- User friendly web interface allows personalisation of Toyota Hotspot functions such as the connection parameters.
- Easy to use with a simple on/off switch and coloured diodes to inform of status and activity.
- Securely mounted within your car to avoid trailing wires.
- Free from the technical problems associated with using a smart phone as a hotspot and also the restrictions imposed by internet providers. For example, the Toyota Hotspot does not limit you to just one user surfing the net.
- Covered by a Toyota warranty.

Great audio

TAS200 is the smart choice audio unit if your car isn't fitted with Toyota Touch audio and you don't require navigation. In addition to a superb radio, it also has a CD player and connectivity for personal technologies including an iPod®.

Ease of use is assured by a multi-jog selector and an OLED display providing strong contrast, high brightness and quick response.

Features include:

- AM/FM radio.
- MP3/WMA compatible CD player.
- AUX, USB and iPod® sockets.
- DAB readiness.
- Three DSP modes for sound equalisation.

Parking aid system

The Auris Touring Sports is wonderfully easy to park. Even so, when space is tight, you'll find the guidance given by the Toyota parking aid system a big help in avoiding accidental scrapes.

Depending on your car's specification, you can add sensors to the front, rear, or front and rear bumpers. These link to in-car warning beepers that become progressively more frequent the closer your vehicle gets to an obstacle. Conveniently, the system can be switched off when you don't need it.

Cancellation switches

A dashboard switch allows the Toyota parking aid system to be turned off when it is not required. For instance, you can turn off the rear system when towing a trailer and turn off both the rear and front systems when driving bumper-to-bumper in slow traffic.

Vehicle security

It's comforting to have a car as safe as the Auris Touring Sports. Toyota's vehicle security system increases that peace of mind by providing an extra layer of protection when your car is parked.

The system has a powerful alarm to complement your car's pre-fitted immobiliser. An optional incline sensor is also available to warn you of attempted wheel theft and towing-away.

Child safety

Caring for young passengers needs careful thought. Be assured, with Toyota child restraint seats you have individual options for each age group.

Nothing is left to chance with a Toyota child restraint seat. The fixings are secure, the fabrics are robust and the design offers both safety and comfort. Whether travelling near or far, you can be sure your most precious cargo will be well protected.

Name	Baby-Safe Plus
Suitable for:	From birth up to 13kg (up to 12/15 months).
Installation	Baby-safe belted base or seat-belt
