MULTI-MEDIA

Toyota Hotspot

Toyota Hotspot effectively turns your car into a mobile WiFi hotspot. It uses a SIM card of your choice and, when you're in a 2G/3G area, connects up to five WiFi capable devices including phones, tablets and laptops, and supports in-car interaction between them. Importantly, Toyota Hotspot wires directly into the car battery system for a constant power supply

- Purpose designed for in-car use and the special demands of temperature variation and vibration.
- Automotive design high speed dual antenna enhances mobile reception and minimises doppler problems.
- Open to any GSM operator, therefore allowing you to use a SIM card of your choice. It will accept a dedicated data transfer card and, when travelling abroad, you can fit a local card to avoid roaming charges or enable roaming on your card.
- Over-the-air software updating happens almost automatically.
- User friendly web interface allows personalisation of Toyota Hotspot functions such as the connection parameters.
- Easy to use with a simple on/off switch and coloured diodes to inform of status and activity.
- Securely mounted within your car to avoid trailing wires.
- Free from the technical problems associated with using a smart phone as a hotspot and also the restrictions imposed by internet providers. For example, the Toyota Hotspot does not limit you to just one user surfing the net.
- Covered by a Toyota warranty.

AYGO x-nav

AYGO x-nav is the ideal upgrade if your car already has the Toyota display audio system and you want to add navigation. What is so clever about AYGO x-nav is that it has been created from the beginning with the user in mind. Every display is designed for easy operation. Each function satisfies a need.

Wherever your journey takes you, AYGO x-nav will guide you there smoothly and provide plenty of extra travel information along the way.

Full map navigation

Driver friendly full map navigation with displays for signposts, junctions and lane guidance.

Clear guidance

Turn-by-turn vocal instructions with text to speech through your car's audio system.

Pan-European

Navigation coverage of 33 European countries. Instructions in 20 European languages.

Enhanced maps

Map graphics include 3D effects. When driving at night, the colour balance changes for greater visual comfort.

Turn list

Rather than having the map on screen, instead you can view a list of sequential turns with directional indicators. This makes city navigating much easier.

Route planning

You can plan your route by entering the street, zip code, town or even map co-ordinates.

Drive me home

Wherever you are, just touch the home icon for fast calculation of the quickest route.

Favourites

Favourite places and regular destinations can be stored for quick and easy route planning.

Places of interest

The system can search and notify you of places of interest along your route.

Speed limit and safety camera alerts

Drive safely with the help of a speed limit display and warning. Alerts tell you fixed safety camera locations (in countries where it is legal).

Touch-screen control

Easy to use touch-screen controls include map zooming and sliding.

TRANSPORT

Toyota transport accessories add flexibility to life with your AYGO. For instance, the rear bike holder is so easy to use that you'll be tempted to take your bike everywhere so you can enjoy healthy exercise the moment you arrive.

Rear bike holder
The safe way to transport 1 or 2 bicycles. For extra security, a single key locks your bike to the carrier and the carrier to your car. Includes lights and a licence plate holder.

Vertical cargo net
A strong woven black nylon net with pockets for holding small items securely in the trunk.

COMFORT

People have different ways of living with their car. Toyota comfort accessories add those little details that can make a big difference to the pleasure of every journey.

Small bin / ashtray
Slots neatly into the console cup-holder space. The close fitting spring-shut lid helps contain tobacco odours and waste.

PROTECTION

Driving the AYGO adds to the fun of modern living. Toyota accessories enhance practicality by providing an extra layer of protection inside and out to guard against accidental scrapes and keep your car looking in top condition.

1 & 2. Side mouldings
The stylish way to protect against minor side panel damage. Available in black or painted to match your car.

3. Mud flaps
Especially shaped to prevent water, mud and stone chips spraying your car. Available for the front and rear.

4 & 5. Bumper corner protectors
Ideally positioned on the front and rear bumper corners to guard against accidental scrapes. Available in black.

6. Trunk liner
Made of tough flexible plastic with a non-slip surface and raised edges to protect trunk carpets against dirt, sand and liquids.

Textile floor mats

Anthracite coloured textile floor mats with a choice of different colour over-lock threads. Featuring non-slip safety fixings on the driver's mat.

- 1. Anthracite
- 2. White
- 3. Dark blue
- 4. Dark grey
- 5. Orange
- 6. Red
- 7. Silver
- 8. Cyan

9. Rubber floor mats

Extra strong to protect your car's carpets against mud, dirt and sand. The driver's mat has safety fixings to hold it firmly in place.

10. Standard floor mats

Hard-wearing textile floor mats in a smart anthracite colour. The driver's mat has special safety fixings to hold it firmly in place.

1. Car care products

A complete range of cleaners, polishes, oils and fluids is available from your local Toyota retailer.

2 & 3. Touch-up paints

Available in sticks and aerosols for repairing minor paintwork blemishes.

4-6. Toyota ProTect*

Professionally applied Toyota ProTect works at a molecular level to create a protective layer that will help maintain your car's showroom finish for at least 5 years. Separate formulations are available for exterior paintwork, alloy wheels and interior fabrics.

*Contact your local Toyota retailer for details.

SAFETY

Everyone likes to feel safe and secure. The AYGO accessory range reflects the need for reassurance by providing personal choices that make life easier, safer and much more convenient.

Rear parking aid system

Even in a car as easy to park as the AYGO, when space is tight, you'll find the guidance given by the Toyota parking aid system a big help in avoiding accidental scrapes. Ultrasonic sensors in the rear bumper link to an in-car warning beeper that becomes progressively more frequent the closer you get to an obstacle. Conveniently, you can switch off the beeper when it is not required.

Fog lamps

Fitting Toyota fog lamps to your AYGO enhances illumination of the road ahead when driving in bad weather and poor light conditions.

Vehicle security

The Toyota vehicle security system provides an extra layer of protection when your car is parked. It has a powerful alarm to complement your car's pre-fitted immobiliser and, as an option, you can include an incline sensor to warn of attempted wheel theft and towing-away.

First aid kit and warning triangle

Essential precautions for whatever may wait around the next corner (items sold separately).

Winter wheels

Especially for use with winter tyres. When the weather turns you can simply swap between the winter wheels and your normal alloys to avoid expensive tyre changes.

Reflecting jacket

See and be seen is a golden rule of personal safety.

BabySafe Plus restraint seat

For babies from birth up to around 9 months (to 13 kg). Featuring a retractable canopy to protect against the sun and wind.

Duo Plus ISOfix restraint seat

Designed for children of between 9 months and 4 years (approximately 9 to 18 kg). ISO fix locking and a top tether ensure stability while padded wings enhance side impact protection.

Kid restraint seat

For children between 4 and 12 years (approximately 15 to 36 kg). A booster seat and adjustable head-rest add flexibility for a growing child. Available for either seat belt or ISO fix attachment.
