Accessory packs

Toyota accessory packs make it easy to personalise your Corolla. Each pack is themed and combines carefully chosen accessories to offer a great value way of tailoring your car to the life you live.

Side sills

A dash of chrome skilfully integrated along the side contours.

Chrome lower trunk garnish

An extra detail to enhance your car's powerful rear design.

Mud flaps

Designed to minimise water, mud and stones spraying onto your car's body. For the front and rear.

Trunk liner

Made of tough black plastic and with raised edges to protect the trunk carpet against water, mud, sand and dirt.

Bumper corner protectors

Ideally positioned to guard against accidental scratches. For the front and rear, in black or painted to match your car.

Accessory pack products are available individually. Please ask your Toyota retailer for details.

Chrome pack

Aerodynamic elegance is clear for all to see in the design of the new Corolla. Chrome pack accessories add distinct visual highlights to further emphasise your car's streamlined good looks.

Protection pack

The theme is day-to-day practicality. The protection pack combines bumper corner protectors, mud flaps and a trunk liner to help shield your car against life's scuffs, scrapes and stains.

Rear spoiler

Seamlessly integrates with your car's streamlining to create a look of high performance.

Accessory pack products are available individually. Please ask your Toyota retailer for details.

Style pack

A focus on design detail is central to the style pack. It adds an aerodynamic spoiler, your choice of alloys and door sill scuff plates to give your Corolla a distinctly sporty feel.

16" Alloy wheels

Choose from silver finish Athena, machined alloy Orion, Podium II anthracite or Podium II anthracite with a machined alloy face (see page 8 for details).

Aluminium scuff plates

Protects the door sills against scratching while also adding a compelling style detail to your car's interior.

Styling

Whichever way you look at it, the new Corolla is a picture of elegance. Toyota style accessories build on the appeal with choices ranging from alloy wheels to a roof spoiler and chrome garnishes.

16" Orion, machined alloy

16" Athena, silver

16" Podium II, anthracite with a machined alloy face

16" Podium II, anthracite

Winter wheels

Especially for use with winter tyres. When the weather turns you can simply swap between the winter wheels and your normal alloys to avoid expensive tyre changes. In 15" and 16" sizes.

Wheel locks

The rounded profile and unique coded key maximise alloy wheel anti-theft security. Made of hardened steel and with a chrome finish to complement your existing wheel nuts.

Chrome lower trunk garnish
The extra detail on the lower trunk edge adds a new visual element to the powerful rear design.

Side sills
A dash of chrome along the lower side contours to emphasise your car's sculptured styling.

Rear spoiler
Seamlessly integrates with your Corolla's streamlining to create a look of high performance.

Fog lamps
With their chrome bezel design, the lamps offer added style plus strong illumination for bad weather driving.

S badge
Wear it with pride. 'S' is for style, for sport, for that extra something that says your Corolla is special.

Protection

Taking a little extra care of your Corolla from the beginning will preserve its great looks for even longer. Toyota accessories help you do that by providing added protection just where it's needed most.

Aluminium scuff plates

Protection for the door sills against scratching while also adding a compelling style detail to your car's interior.

Bumper corner protectors

Ideally positioned to guard against accidental scrapes. For the front and rear, in black or painted to match your car.

Side mouldings

Protection against minor damage presented as an integrated style highlight. In black or painted to match your car.

Rear bumper protection film

Transparent self-adhesive film to guard your bumper paintwork when loading or unloading the trunk.

Door handle protection film

Virtually invisible, yet providing tough protection against scratching by gloves, rings and keys around the door handle.

Trunk liner

Made of tough black plastic and with raised edges to shield the trunk carpet against water, mud, sand and dirt.

Mud flaps

Designed to minimise water, mud and stones spraying onto your car's body. For the front and rear.

Rubber floor mats

Really tough carpet protection against dirt, mud and water. Tailored to fit and with special safety fixings on the driver's mat to stop it slipping.

Textile floor mats

Excellent carpet protection combined with the luxurious feel of a soft textile surface. The driver's mat has special non-slip fixings for added safety.

Utility

The power, drivability and spacious interior of the Corolla make it perfect for enjoying life to the full. Toyota accessories tailor the experience by giving you options ranging from roof-top carrying and safe towing to wind deflectors and cargo organisers.

Roof rack

The Toyota roof rack is a lockable aerodynamic aluminium design that is easy to install and remove. It combines with a wide range of specialised carrying attachments such as luggage boxes, ski and bicycle holders.

Ski boxes

Thule Motion 800 – gloss silver (also in gloss black)

Thule Pacific 700 - silver

For those big snow holidays

Thule ski boxes have been custom designed to exactly the right length, shape and capacity for securely carrying all your winter sports accessories.

Thule Motion 800

Dimensions: 205 cm L x 84 cm W x 45 cm H
Internal volume: 460 litres
Maximum content weight: 50 kg*
Holds: 5-7 pairs of skis, 4-5 snowboards
Weight: 21 kg

Thule Pacific 700

Dimensions: 232 cm L x 70 cm W x 40 cm H
Internal volume: 420 litres
Maximum content weight: 50 kg*
Holds: 6 pairs of skis, 4 snowboards
Weight: 15 kg

Features

- Open from both sides for easy loading and unloading.
- High security multi-point central locking system.
- Grip friendly key cannot be removed until all the locking points are closed.
- Fits the Toyota roof rack.
- Internal straps for securing the box contents.
- Made of colour-fast UV resistant ABS plastic.

Ski & snowboard holders

Large ski and snowboard holder

Simply load and go

The holders install easily and lock securely onto the Toyota roof rack so you can quickly load skis and snowboards whenever the inspiration takes you.

Medium size holder

Large size holder

Features

- Weight: 3.20 kg medium, 4.20 kg large.
- Skis secured between soft rubber for grip and to prevent damage.
- Central locking system for maximum security.
- Push release for easy opening with gloved hands.
- Large holder slides to the car side for easy loading and unloading.

Luggage box

Thule Pacific 200 – silver grey

Just right for holidays

For jackets and dresses, shorts, shoes and playthings; a Thule luggage box is perfect to carry all you need for those big holidays and weekends away.

Thule Pacific 200

Dimensions: 175 cm L x 82 cm W x 45 cm H
Internal volume: 410 litres
Maximum content weight: 50 kg*
Weight: 14 kg

Features

- Opens from both sides for convenient loading and unloading.
- High security multi-point central locking system.
- Grip friendly key cannot be removed until all the locking points are closed.
- Fits the Toyota roof rack.
- Internal straps for securing the box contents.
- Made of colour-fast UV resistant ABS plastic.

*Maximum content weight calculated for Corolla Sedan based on maximum roofload capacity.

Bicycle holders

Rear mounted multi-capacity
For secure transportation and easy loading and unloading. The clamp mounted holder is a universal solution that attaches to all genuine Toyota towing hitches.

Quick and easy roof mounting
The lockable lightweight design attaches to the Toyota roof rack and has secure wheel and frame grips. Conveniently, the frame grip can be adjusted at roof height.

	Locks carrier to car
	-
	Yes
	UV resistant plastic. Fits wheel width up to 5.6 cm

Towing - fixed

The Toyota fixed towing hitch gives your car an added dimension of load carrying flexibility. It is ideal for attaching a trailer and also supports the Toyota rear mounted bicycle holder.

- Features**
- 1000 - 1300 kg towing capacity depending on engine type (the towing hitch is designed for your car's maximum towing capacity).
 - Supplied with a protective tow-ball cap bearing the Toyota logo.
 - Can be used to support the 2 bicycle version of the Toyota rear bicycle holder.

Towing hitch wiring harness

Safety for you and your car is at the heart of the Toyota towing hitch wiring harness. Individually designed for each Toyota model, the harness seamlessly integrates your car's lights and signals with those on a towed trailer or rear bicycle holder.

- Features**
- The harness has independent circuitry and a fused module to eliminate the risk of overloading your car's existing electrical system.
 - The fused module prevents a fault in the trailer's circuitry affecting your car's systems. For instance, your car's indicators will continue working even if those on the trailer fail.
 - Toyota specialists designed the cable route to safely avoid contact with moving car parts, heat, irregular surfaces and metal edges.
 - There are no loose or hanging cables that could catch on road obstacles or interfere when loading or unloading the trunk.
 - Strategic reinforced cable protection guards against accidental damage and the consequent risks of lighting failure or fire caused by electrical shorting.
 - Available with a 7 or 13 pin socket.

Socket adapters

If you have an existing trailer or rear bicycle holder, or perhaps you want to hire a trailer when you travel in another country, you may find that the plug socket is different to that on your new car. Such a problem is easily resolved! A Toyota socket adapter enables you to safely and securely connect your car's towing hitch wiring harness to that of a trailer or bicycle holder even if the plugs don't match.

- Toyota adapters are designed to provide a durable connection between different types of plug sockets. They are available in three versions:
- 7 pin (car) to 13 pin (trailer).
 - 13 pin (car) to 7 pin (trailer).
 - 13 pin (car) to 12N-12S double socket (trailer).

Wind deflectors

Aerodynamically shaped to minimise wind noise and buffering when driving with open windows.

**Ashtray / small bin**

You can use it as an ashtray or for extra storage. The close-fitting spring-shut lid makes it ideal for both.

**Cargo organiser**

The space-saving way to organise travel and leisure essentials such as shoes, toys and car care products in the trunk.

**Vertical cargo net**

Clips onto hooks in the trunk space and has pockets for storing small items neatly while also keeping them easily accessible.

Technology

Toyota technology accessories are as rewarding as the Corolla itself. They create the essential link between you, your car and your lifestyle.

What is so important about the Toyota range is that the accessories have been created from the beginning with the user in mind. This is technology as it should be. Every button and display is designed for easy operation, each function satisfies a need.

Toyota Hotspot

As the name suggests, Toyota Hotspot gives you internet access and effectively turns your car into a mobile hotspot. Simply load the Toyota Hotspot box with a SIM card of your choice and, as long as you're in a 2G/3G area, you'll have instant access to the internet and all the web has to offer.

The Toyota Hotspot connects up to five WiFi capable devices including laptops, tablets, smart phones, iPads, iPhones and game systems and also enables in-car interaction between them. Importantly, the Toyota Hotspot is wired into your car electrical system to ensure constant power supply.

- Designed specifically for in-car use and the special demands of temperature variation and vibration.
- Automotive design high speed dual antenna that enhances mobile reception and minimises doppler problems.
- Open to any GSM operator and so allows you to use a SIM card of your choice. It will accept a dedicated data transfer card and, when travelling abroad, you can fit a local card to avoid roaming charges or enable roaming on your card.
- Over-the-air software updating happens almost automatically.
- User friendly web interface allows personalisation of Toyota Hotspot functions such as the connection parameters.
- Easy to use with a simple on/off switch and coloured diodes to inform of status and activity.
- Securely mounted within your car to avoid trailing wires.
- Free from the technical problems associated with using a smart phone as a hotspot and also the restrictions imposed by internet providers. For example, the Toyota Hotspot does not limit you to just one user surfing the net.
- Covered by a Toyota warranty.

Parking aid system

The Corolla is wonderfully easy to park. Even so, when space is tight, you'll find the guidance given by the Toyota parking aid system a big help in avoiding accidental scrapes.

Depending on your car's specification, you can add sensors to the rear bumper. These link to in-car warning beepers that become progressively more frequent the closer your vehicle gets to an obstacle. Conveniently, the system can be switched off when you don't need it.

Cancellation switch

A dashboard switch allows the Toyota parking aid system to be turned off when it is not required. For instance, you can turn off the rear system when towing a trailer, or when driving bumper-to-bumper in slow traffic.

Vehicle security

It's comforting to have a car as safe as the Corolla. Toyota's vehicle security system increases that peace of mind by providing an extra layer of protection when your car is parked.

The system has a powerful alarm to complement your car's pre-fitted immobiliser. An optional incline sensor is also available to warn you of attempted wheel theft and towing-away.

Child safety

Caring for young passengers needs careful thought. Be assured, with Toyota child restraint seats you have individual options for each age group.

Nothing is left to chance with a Toyota child restraint seat. The fixings are secure, the fabrics are robust and the design offers both safety and comfort. Whether travelling near or far, you can be sure your most precious cargo will be well protected.

Name	Baby-Safe Plus
Suitable for:	From birth up to 13kg (up to 12/15 months).
Installation	Baby-safe belted base or seat-belt
