Accessory packs

Toyota accessory packs offer personality, convenience and value. Whether your preference is added style or extra protection, each pack is designed to complement the individuality of you and your family.

Side sills
A dash of chrome along the sills to emphasise your car's contours.

Rear chrome garnish
Creates a new aspect of visual interest along the trunk edge.

Exhaust pipe finisher
Made with a durable chrome finish for long lasting good looks.

Steel rear bumper protection plate
Great looks with the added benefit of tough paintwork protection.

Style pack 1

Real style is in the detail. With a steel rear bumper plate and chromed side sills, exhaust pipe finisher and rear garnish, the style pack 1 combines with and enhances your Verso's sleek flowing lines.

Pack accessories are available individually. Please contact your local Toyota retailer for details.

Roof spoiler
Aerodynamically shaped to complement your car's streamlined efficiency.

Aluminium scuff plates
Sporty interior styling offering great protection for your car's door sill paintwork.

Alloy wheels
Your choice from five distinctive designs: 16" Levana or Senica in natural alloy; 16" Podium II in sterling silver or; 17" Iroquois or Mohava in natural alloy.

Shift knob
A classic leather with chrome inlay design for manual and automatic transmissions.

Style pack 2

The effect is smooth and elegant. There's a roof spoiler and alloy wheels for the outside, and a bespoke shift knob and aluminium scuff plates for the inside. This is contemporary styling at its best.

Pack accessories are available individually. Please contact your local Toyota retailer for details.

Side mouldings
The stylish way to protect your car against minor side panel damage.

Trunk liner
Made of hard wearing plastic with a non-slip surface for tough carpet protection.

Black rear bumper protection plate
Made of a tough composite material to shield the bumper paintwork.

Door handle protection film
Shaped to fit around the door handle and invisibly guard against scratching.

Mud flaps – front and rear
Custom shaped to fit the Verso's wheel arches and reduce mud and water spray.

Protection pack

Perfect for day-to-day protection. Mud flaps, side mouldings, a rear bumper plate and door handle film all help maintain your Verso's good looks. Plus there's a waterproof liner to shield the trunk carpet.

Vertical cargo net
Clips onto hooks in the trunk to hold smaller possessions neatly in place.

Trunk liner
Durable plastic to protect against anything from muddy boots to a shaggy dog.

Steel rear bumper protection plate
Great looks and tough protection for your car's rear bumper paintwork.

Storage and protection pack

The concept is custom designed practicality. The bumper plate protects the paintwork when loading or unloading the trunk, the waterproof liner guards the trunk carpet and the cargo net helps keep everything neat and tidy.

Alloy wheels

Your choice of Toyota alloy wheels makes a bold statement about personal expression. Each design ideally complements your Verso's styling while also being precision engineered for optimum drive balance and stability.

Mohava 17"

Senica 16"

Podium II sterling silver 16"

Iroquois 17"

Podium II Anthracite 16"

Podium II Anthracite machined 16"

Levana 16"

Winter rim wheels

Especially for use with winter tyres. When the weather turns you can simply swap the winter wheels for your normal alloys and so avoid expensive tyre changes. 16" size.

Wheel locks

Featuring a rounded profile and unique coded key to maximise alloy wheel security. The locks are made of chrome finished hardened steel to match your existing wheel nuts.

Exterior style

Smooth, sleek and full of personality – that's the Verso. Toyota exterior style accessories build on the appeal. Your choice of chrome highlights and a roof spoiler add extra elements of refinement and individuality.

Trunk garnish
A smooth chrome finish along the lower trunk to enhance your car's rear-end design.

Roof spoiler
Aerodynamically modelled for seamless integration with the streamlined shape of your Verso.

Side sills
The chrome highlight integrates with and emphasises your Verso's sculpted side contours.

Exhaust pipe finisher
With a durable chrome finish to make your exhaust pipe look like a stylish design feature.

Interior style

The prestige of leather upholstery, the comfort of heated front seats and the individuality of a custom gear shift knob. Toyota interior style accessories give your Verso a beautiful premium finish.

For luxury, there's nothing to compare with the look and feel of genuine Toyota leather seats. They are made with top quality black leather and have complementary slate grey double stitching. There are big benefits for family practicality as well because Toyota leather is hard wearing and dirty marks simply wipe away.

Front seat heaters

The comforting warmth of gently heated front seats for those icy nights and frosty mornings.

Leather upholstery

Reassuringly, Toyota leather interiors are made to the highest safety standards and are fully compliant with airbag operation.

Shift knobs

Combining leather with a chrome inlay for that special touch of gear shift individuality. Available for manual and automatic transmission.

Exterior protection

Whether you drive through the city or along country lanes, you'll find that Toyota protection accessories can make a big difference to the life of your car. They provide reassurance just where it's needed most.

Steel rear bumper protection plate

The great looks of polished stainless steel for tough paintwork protection when loading or unloading the trunk.

Black rear bumper protection plate

Made of a durable black composite material to guard rear bumper paintwork when sliding things in and out of the trunk.

Aluminium scuff plates

Style and practicality combine to provide dependable protection for paintwork against the ins and outs of a busy life.

Mud flaps

Purpose designed to prevent water, mud and stones spraying onto your car's body. Available for the front and rear.

Side mouldings

The good looking way to guard side panels against minor damage. In black or painted to match your car.

Door handle protection film

Virtually invisible, yet providing tough protection against scratching by gloves, rings and keys around the door handle.

Interior protection

A busy family life can be hard on your car's carpets. But don't worry - the great range of Toyota mats and liners offers dependable protection against anything that anyone dares to tread inside.

Cargo liner

The ultimate protection for your trunk carpet. Made of thick plastic with high raised edges to contain mud, sand and liquids.

Trunk liner

Durable waterproof plastic with a raised lip and non-slip surface pattern. Ideal for a busy outdoor lifestyle.

Reversible trunk mat

Strong carpet protection with flexibility for changing needs. Luxurious velour on one side and waterproof plastic on the other.

Rubber floor mats

Ultra-strong protection for your carpets against mud, dirt and sand. Special fixing devices hold the mats firmly in place.

Textile floor mats

Relaxing textile with a strong rubber backing for tough carpet protection. Shaped to fit and with secure floor fixings.

Luxury velour mats

Soft textile carpeting on a hard-wearing padded base for maximum comfort. Tailored to fit and with floor fixing devices.

Trunk guard - full

A floor to ceiling mesh design that protects the rear of your seats and prevents stacked luggage falling, or your pet dog jumping, into the passenger area.

Trunk guard - half

The durable mesh design prevents stacked luggage tumbling into the passenger area and is also perfect as a dog guard to stop your pet climbing over the back seats.

Carrying and towing

Wherever you go, whatever you take with you, Toyota accessories add to the Verso's flexibility. With choices including roof-top storage, bicycle holders and towing hitches you can load up for those big adventures and still have plenty of room for the family.

Roof rack

A strong, lightweight aluminium design with security locking. The rack combines with specialised Toyota attachments such as ski and luggage boxes.

Cross bars

If your Verso already has roof rails, Toyota cross bars lock onto the rails and provide a base for the range of specialised Toyota carrying attachments.

Ski boxes

Thule Motion 800 – gloss black (also in gloss silver)

Thule Pacific 700 – silver grey

For those big snow holidays

Thule ski boxes have been custom designed to exactly the right length, shape and capacity for securely carrying all your winter sports accessories.

Thule Motion 800

Dimensions: 205 cm L x 84 cm W x 45 cm H
Internal volume: 460 litres
Maximum content weight: 50 kg* TBC
Holds: 5-7 pairs of skis, 4-5 snowboards
Weight: 21 kg

Thule Pacific 700

Dimensions: 232 cm L x 70 cm W x 40 cm H
Internal volume: 420 litres
Maximum content weight: 50 kg*
Holds: 6 pairs of skis, 4 snowboards
Weight: 15 kg

Features

- Open from both sides for easy loading and unloading.
- High security multi-point central locking system.
- Grip friendly key cannot be removed until all the locking points are closed.
- Fits the Toyota roof rack and Toyota cross bars on roof rails.
- Internal straps for securing the box contents.
- Made of colour-fast UV resistant ABS plastic.

Ski & snowboard holders

Large ski and snowboard holder

Simply load and go

The holders install easily and lock securely so you can quickly load skis and snowboards whenever the inspiration takes you. They fit onto the Toyota roof rack and Toyota cross bars on roof rails.

Medium size holder

Large size holder

Features

- Weight: 3.20 kg medium, 4.20 kg large.
- Skis secured between soft rubber for grip and to prevent damage.
- Central locking system for maximum security.
- Push release for easy opening with gloved hands.
- Large holder slides to the car side for easy loading and unloading.

Luggage box

Thule Pacific 200 – silver grey

Just right for holidays

For jackets and dresses, shorts, shoes and playthings; a Thule luggage box is perfect to carry all you need for those big holidays and weekends away.

Thule Pacific 200

Dimensions: 175 cm L x 82 cm W x 45 cm H
Internal volume: 410 litres
Maximum content weight: 50 kg*
Weight: 14 kg

Features

- Opens from both sides for convenient loading and unloading.
- High security multi-point central locking system.
- Grip friendly key cannot be removed until all the locking points are closed.
- Fits the Toyota roof rack and Toyota cross bars on roof rails.
- Internal straps for securing the box contents.
- Made of colour-fast UV resistant ABS plastic.

*Maximum content weight is based on the Verso maximum roof load capacity.

Bicycle holders

Rear mounted multi-capacity
For secure transportation and easy loading and unloading. The clamp mounted holder is a universal solution that attaches to all genuine Toyota towing hitches. The Easy Click holder fits to the base of a Toyota horizontal detachable towing hitch when the hook has been removed.

Quick and easy roof mounting
The lockable lightweight aluminium design attaches to a Toyota roof rack or Toyota cross bars and has secure wheel and frame grips. Conveniently, the frame grip can be adjusted at roof height.

Key product highlights:	Easy Click rear bike holder	Clamp mounted rear bike holder

	UV resistant plastic. Fits wheel width up to 5.6 cm

Towing hitches - detachable and fixed

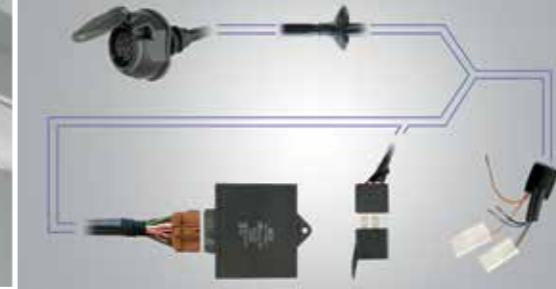

Toyota towing hitches are available with a fixed or detachable hook. Both provide a strong towing capability and will support the Toyota rear mounted bicycle holder.

Features

- 1000-1500 kg towing capacity depending on engine type (the towing hitch is designed for your car's maximum towing capacity).
- Supplied with a protective tow-ball cap bearing the Toyota logo.
- All Toyota towing hitches can be used to support the 2 bicycle version of the Toyota rear bicycle holder.
- The horizontal detachable towing hitch can be used to support the Easy Click rear bicycle holder when the towing hook is removed.
- With the horizontal detachable towing hitch, a smart plastic cover is supplied to place over the base when the hook is removed.
- On the horizontal detachable towing hitch, the hook attaches or removes by means of a turning knob that also incorporates a security lock.

Towing hitch wiring harness

Safety for you and your car is at the heart of the Toyota towing hitch wiring harness. Individually designed for the Verso, the harness seamlessly integrates your car's lights and signals with those on a towed trailer or rear bicycle holder.

Features

- The harness has independent circuitry and a fused module to eliminate the risk of overloading your car's existing electrical system.
- The fused module prevents a fault in the trailer's circuitry affecting your car's systems. For instance, your car's indicators will continue working even if those on the trailer fail.
- Toyota specialists designed the cable route to safely avoid contact with moving car parts, heat, irregular surfaces and metal edges.
- There are no loose or hanging cables that could catch on road obstacles or interfere when loading or unloading the trunk.
- Strategic reinforced cable protection guards against accidental damage and the consequent risks of lighting failure or fire caused by electrical shorting.
- Available with a 7 or 13 pin socket.

Socket adapters

If you have an existing trailer or rear bicycle holder, or perhaps you want to hire a trailer when you travel in another country, you may find that the plug socket is different to that on your new Verso. Such a problem is easily resolved! A Toyota socket adapter enables you to safely and securely connect your car's towing hitch wiring harness to that of a trailer or bicycle holder even if the plugs don't match.

Toyota adapters are designed to provide a durable connection between different types of plug sockets. They are available in three versions:

- 7 pin (car) to 13 pin (trailer).
- 13 pin (car) to 7 pin (trailer).
- 13 pin (car) to 12N-12S double socket (trailer).

Interior practicalities

Every family is different in the way they live with their car. Toyota accessories reflect those differences by offering extra touches of personal practicality. Each accessory provides added functionality to suit your special needs.

Horizontal cargo net

Clips onto your car's pre-fitted hooks to prevent bags and briefcases sliding around in the trunk.

Vertical cargo net

The net clips onto hooks in the trunk and has two pockets for neatly storing all sorts of odds and ends.

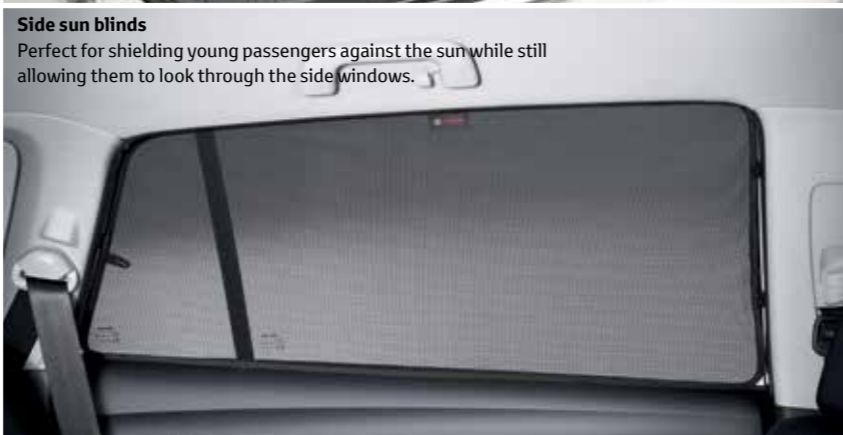

Rear sun blind

Opaque from the outside to shield against the sun and prying eyes, but clear from the inside so you can see out.

Side sun blinds

Perfect for shielding young passengers against the sun while still allowing them to look through the side windows.

Cool box

Ideal for picnics and days out. Plugs into your car's 12V socket to keep refreshments either hot or chilled.

Cool box transformer

Transforms 220V into 12V so you can use your cool box for refreshments at home or in your holiday chalet.

Cargo organiser

Convenient trunk storage for keeping family essentials such as toys and shoes neat and tidy.

Ash tray / small bin

You can use it as an ashtray or for extra storage. The spring-shut lid makes it ideal for both.

Innovative technologies

For leisure, business and entertainment, for families and individuals, Toyota technology accessories create that vital link between you, your car and your lifestyle. The choices include navigation and audio through to Toyota Hotspot, parking assistance and security.

What is so clever about Toyota technology is that it offers something for everyone. The accessory range has been created from the beginning with the user in mind. Every button and display is designed for easy operation. Each function satisfies a need.

Toyota Touch² with Go

The ideal upgrade if your car already has the Toyota Touch² system and you want to add navigation. Bluetooth[®] compatibility, information, entertainment and multi-media management are all standard within Toyota Touch². The Toyota Touch² with Go upgrade integrates seamlessly with your system's existing functionality to also provide full map pan-European coverage and a host of exciting travel extras including real-time traffic updates.

Full map navigation

Driver-friendly full map pan-European navigation with clear visual displays for signposts, junctions and lane guidance. Instructions are available in your choice of 20 languages.

3D city maps

In major cities, maps are enhanced by 3D images of notable buildings and landmarks along your route to make navigation easier and clearer than ever before.

New intuitive detour function

Real-time traffic information* updates alert you to congestion ahead on your planned route. The system calculates potential delay times and suggests a detour to avoid the problem.

Speed limit & speed camera warning

Drive safely with the help of a speed limit display and warning, including an optional speed warning setting. Alerts notify you of fixed safety camera locations (in countries where it is legal).

Toyota Eurocare & SOS emergency call assistance

Just one touch of a key provides direct access to the emergency services and roadside assistance. When connected, you can give your precise location as displayed on the screen.

Toyota Touch² with Go Plus

The Toyota Touch² with Go Plus upgrade has everything from Toyota Touch² with Go along with even more sophisticated levels of operation, communication and navigation. The many extra features include enhanced Bluetooth[®] compatibility, voice command recognition and access to Toyota Online services. Toyota Map Care is included as standard, which means your maps are updated twice a year and are free for the first three years.

WiFi connectivity

You can access Toyota Online services via the system as an alternative to using Bluetooth[®]. It enables you to connect via Toyota Hotspot, utilise public and private hotspots or use your smartphone for a mobile hotspot.

Toyota Online and apps

Toyota Online services include Online Local Search, Google Street View* and Panoramio™. You can also download a great range of apps* such as Weather, Fuel Price, Parking, Glass of Water, Park & Go and Twitter.

Voice control

Voice command recognition supports safer driving. It lets you input route destinations, request and play music, and even find and call telephone contacts without having to take your eyes off the road ahead.

Play more like this

Accessing and managing music is made very much easier. The 'play more like this' function recognises what you're playing and provides smart recommendations to create play lists that suit your mood.

Toyota Map Care

The effortless way to keep your maps and route information up to date. Updates to software, maps, speed limits and safety camera notifications are twice a year and free for the first three years.

*Depending on local service availability.

Toyota Real-Time Traffic powered by TomTom*

Works on real-time traffic flow, alerting you to slow moving or queuing traffic, with the option to re-route your journey to avoid congestion and save time.

Traffic monitor

Provides a clear visual display of any traffic incidents or congestion along your route, estimating any delay to your journey.

Detour option

Offers specific information about traffic incidents along your route and suggests a detour option to save you time.

Detour information

Gives you on-screen graphic information of a detour, along with the delay and additional mileage incurred compared with your current route, for informed journey planning.

*Available from January 2014.

Online applications

Activate apps on your Toyota Touch® 2 with Go and Go Plus to keep you informed of everything from the weather, to fuel costs and available parking places, helping you to drive safely and more economically.

Toyota Online services available on Toyota Touch 2 with Go and Toyota Touch® 2 with Go Plus. Availability of Toyota Online services depends on compatibility with a Bluetooth®-equipped mobile phone (with DUN or PAN Bluetooth profile) with a data plan. It also requires a mobile network operator that permits tethering.

Google Street View™ and Panoramio™**

Provides imagery of your current location, or a location of your choice allowing you to start navigating directly from the image, so you'll never be lost.

Google Street View™

Simply enter an address for a visual preview of any unknown destination. Six different Street View images offer a panoramic view to familiarise your location and promote peace of mind.

Panoramio™ map

Maps city landmarks and places of interest to help you discover a new city easily and effortlessly. Simply choose your location of interest from the images shared by the Panoramio™ community.

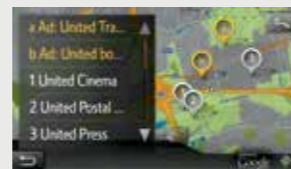

Panoramio™ images

View full image of your chosen location and let the navigation system guide you there, taking all the stress out of visiting unfamiliar places of interest.

**Available from January 2014.

Online local search

Point Of Interest database enhanced by an online search facility. Connects to the internet via your phone, allowing you to search easily for the nearest fuel, restaurant, hospital or any type of place of interest.

In-car entertainment

Toyota in-car technologies are very social and family friendly. With choices ranging from an audio unit to a sound system, and modular entertainment to Toyota Hot Spot, you have options to hear more, see more and know more wherever you go.

Toyota Hotspot

As the name suggests, Toyota Hotspot gives you internet access and effectively turns your car into a mobile hotspot. Simply load the Toyota Hotspot box with a SIM card of your choice and, as long as you're in a 2G/3G area, you'll have instant access to the internet and all the web has to offer.

The Toyota Hotspot connects up to five WiFi capable devices including laptops, tablets, smart phones and game systems and also enables in-car interaction between them. Importantly, the Toyota Hotspot wires into your car's electrical system to ensure constant power supply.

- Designed specifically for in-car use and the special demands of temperature variation and vibration.
- Automotive design high speed dual antenna that enhances mobile reception and minimises doppler problems.
- Open to any GSM operator and so allows you to use a SIM card of your choice. It will accept a dedicated data transfer card and, when travelling abroad, you can fit a local card to avoid roaming charges or enable roaming on your card.
- Over-the-air software updating happens almost automatically.
- User friendly web interface allows personalisation of Toyota Hotspot functions such as the connection parameters.
- Easy to use with a simple on/off switch and coloured diodes to inform of status and activity.
- Securely mounted within your car to avoid trailing wires.
- Free from the technical problems associated with using a smart phone as a hotspot and also the restrictions imposed by internet providers. For example, the Toyota Hotspot does not limit you to just one user surfing the net.
- Covered by a Toyota warranty.

Rear entertainment system

DVD player*

Great fun and so easy to use. With the Toyota rear entertainment system your passengers can watch a video, view photographs, play games or listen to music. The system has a 7" screen, stereo sound and a remote control so children can watch without adjusting their seat belts. Conveniently, the unit removes from its seat-back docking device for security and home use (mains to 12V adapter required).

Media flexibility

- DVD player with CD, MP3, MP4, WMA and DivX compatibility.
- Compatible with many games consoles (adapter may be required).
- USB and SD card slots for accessing media, video and photographs.
- Smartphone A/V input.

User friendly

- Adjustable 7" TFT screen unit with remote control.
- Top loading disc slot suitable for child use.
- Stereo sound.
- Can be removed from car and used at home (mains to 12V adapter required).
- Optional second module for twin screen viewing.
- Optional wireless infrared headphones.

Reassuring

- Modules can be removed for security when not in use.
- Meets all crash and impact testing standards.
- Does not affect anti-whiplash seat head restraints.
- Integrated installation with no trailing wires or cords.

Holder for iPad**

Fits into the Toyota seat-back docking device to provide a secure base for passengers using an iPad*.

Remote control

Having a remote control is a great safety feature because it enables passengers to access all the system's functions without adjusting their seatbelts. Big buttons and a clear layout make it particularly suitable for children and in-car use.

Wireless infrared headphones

Superb stereo listening. The optional headphones have independent volume control and will automatically shut down to preserve battery life when no signal has been received for a period of time.

Great audio

TAS200 is the smart choice if your car isn't fitted with Toyota Touch audio and you don't require navigation. In addition to a superb radio, it also has a CD player and connectivity for personal technologies including an iPod*.

TNS350

The Toyota TNS350 is a fully integrated navigation and multi-media hub, with touch-screen controls and a 5.8" screen. There's pan-European route guidance and media capabilities including an AM/FM radio & Bluetooth* connectivity.

JBL premium sound system

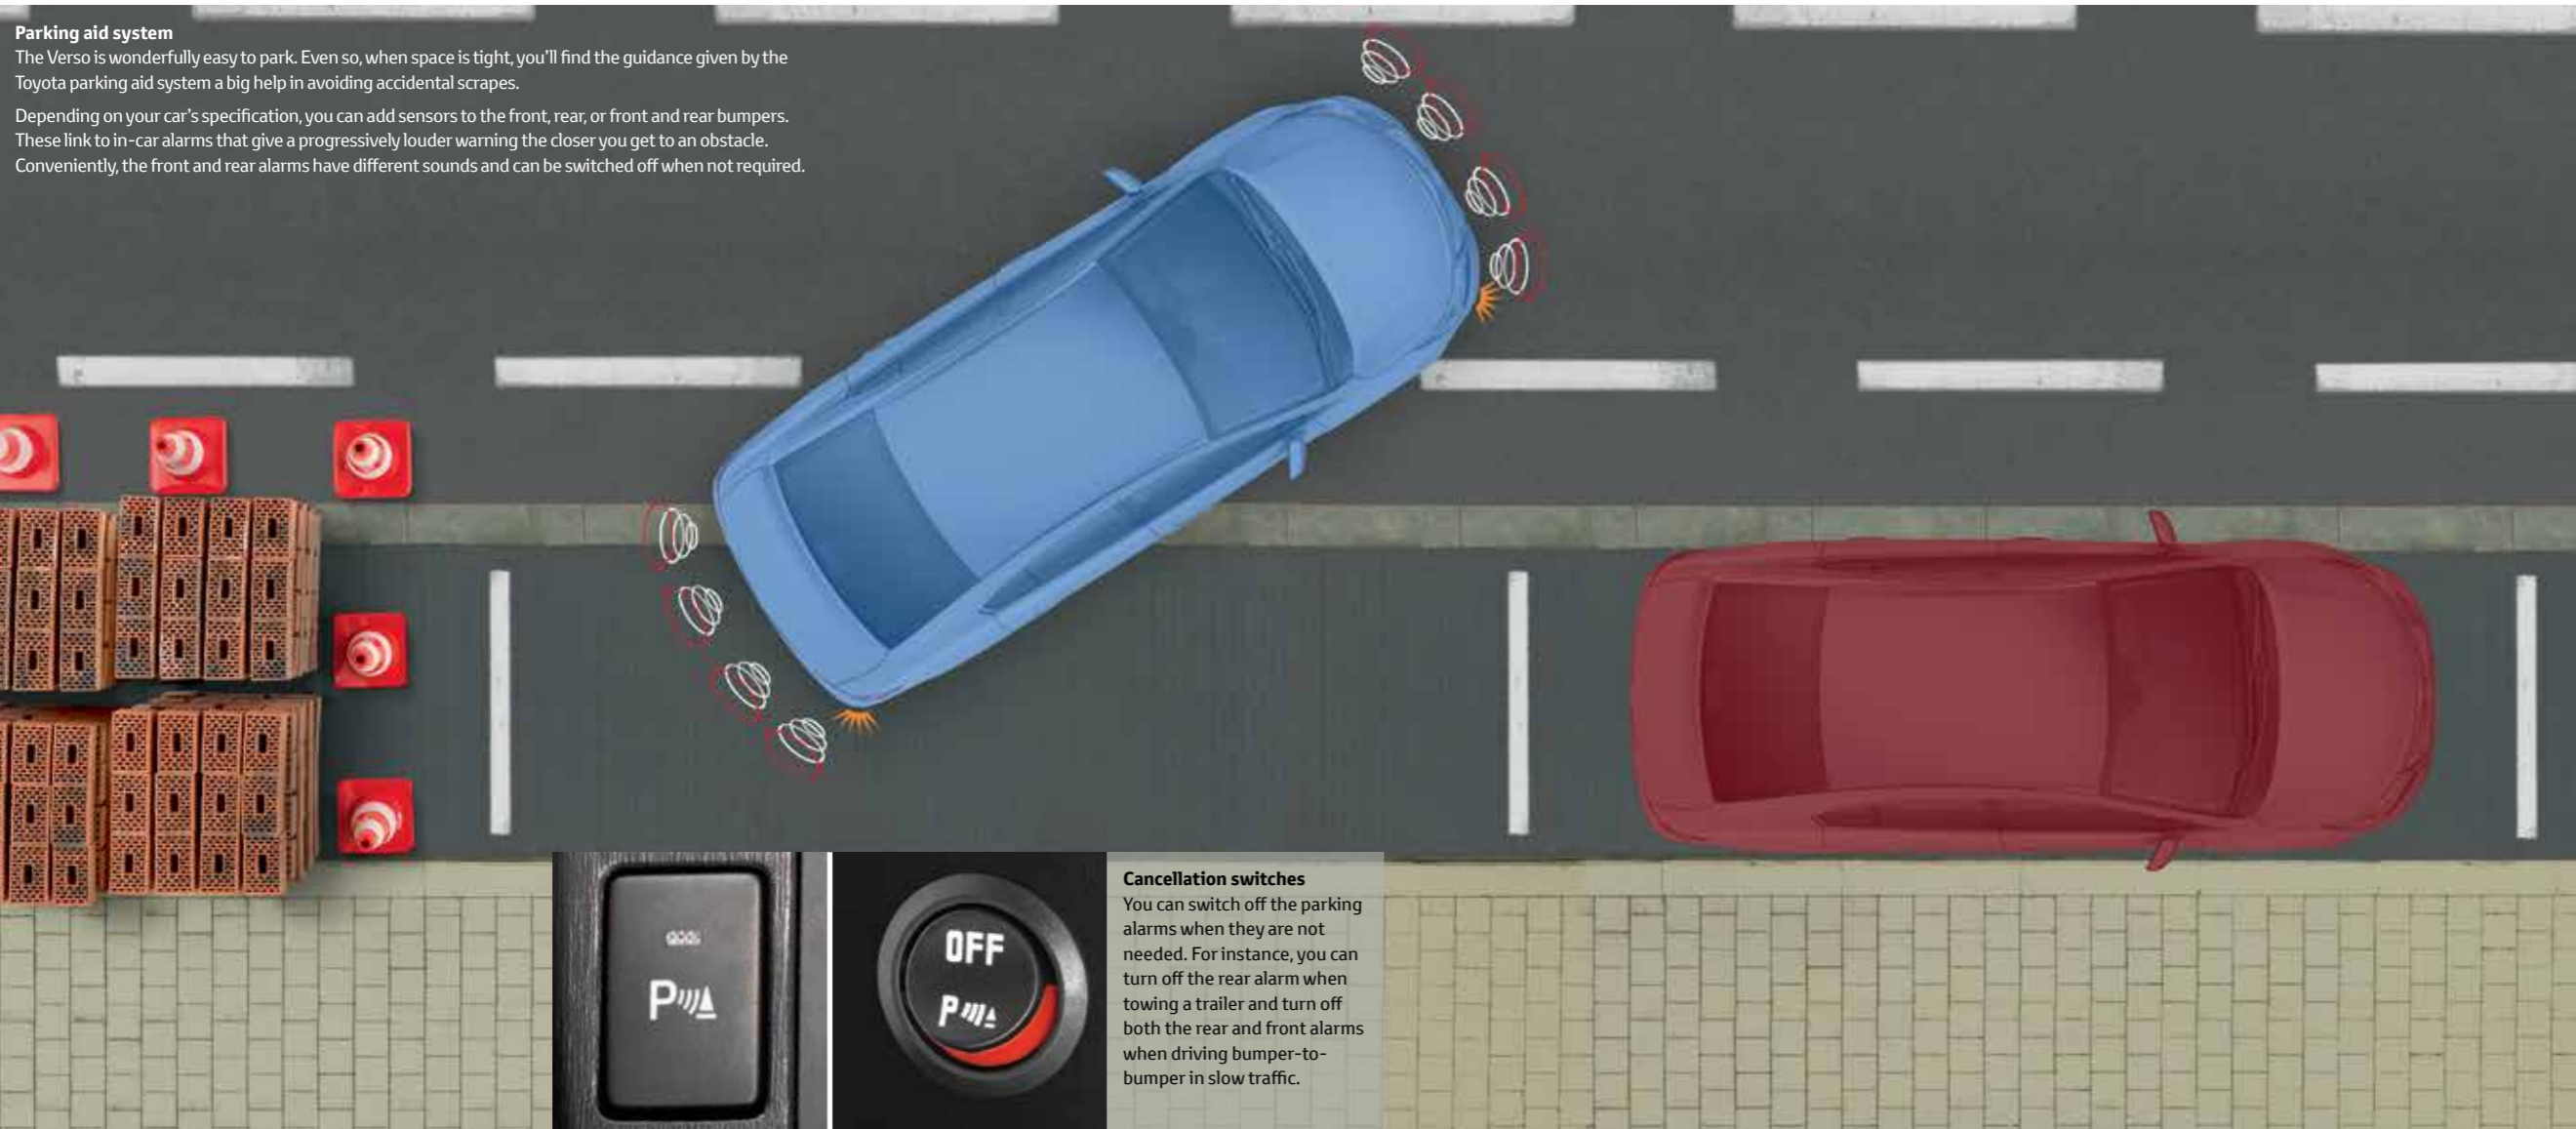

The JBL system is for lovers of an exceptional in-car acoustic performance. It has been individually specified and optimised for the Verso. Following extensive sound testing, JBL engineers set hundreds of parameters within the system's DSP amplifier to precisely control each speaker. The speakers themselves are of exactly the right characteristics, location and quantity for the Verso's cabin shape. The result is outstanding sound balance and clarity.

The system features a 440 watt DSP amplifier, 4 tweeters, 4 woofers and a sub-woofer.

Parking aid system

The Verso is wonderfully easy to park. Even so, when space is tight, you'll find the guidance given by the Toyota parking aid system a big help in avoiding accidental scrapes.

Depending on your car's specification, you can add sensors to the front, rear, or front and rear bumpers. These link to in-car alarms that give a progressively louder warning the closer you get to an obstacle. Conveniently, the front and rear alarms have different sounds and can be switched off when not required.

Cancellation switches

You can switch off the parking alarms when they are not needed. For instance, you can turn off the rear alarm when towing a trailer and turn off both the rear and front alarms when driving bumper-to-bumper in slow traffic.

Vehicle security

It's comforting to have a car as safe as the Verso. Toyota's vehicle security system increases that peace of mind by providing an extra layer of protection when your car is parked.

The system has a powerful alarm to complement your car's pre-fitted immobiliser. An optional incline sensor is also available to warn you of attempted wheel theft and towing-away.

Child safety

Caring for young passengers needs careful thought. Be assured, with Toyota child restraint seats you have individual options for each age group.

Nothing is left to chance with a Toyota child restraint seat. The fixings are secure, the fabrics are robust and the design offers both safety and comfort. Whether travelling near or far, you can be sure your most precious cargo will be well protected.

Name	Baby-Safe Plus
Suitable for:	From birth up to 13kg (up to 12/15 months).
