ACCESSORIES

Chrome Pack

Add a subtle, sophisticated chrome finish to your Corolla Sedan, with side sills and a rear lower boot trim.

Rear lower boot trim

A chrome strip that sits in the lower edge of the boot lid and traces the line of the bumper, drawing the eye to the rear of your car.

Side sills

A shimmering chrome accent that runs neatly along each side of your Corolla.

ACCESSORIES

Hybrid Pack

A Toyota Hybrid offers countless benefits, including eye-catching design. This set of accessories adds a sense of hybrid energy to your Corolla Sedan.

Key cover, Hybrid, black/silver

Keep your keys safe and easy to find in this handy key cover, adorned with the Toyota Hybrid logo.

Aluminium scuff plates

Nothing sees rougher treatment than the carpets and door sills of your car. Protect them from wear and tear while adding a stylish touch.

ACCESSORIES

Style Pack

Complement the flowing lines of your Corolla Sedan with a collection of enhancements that add real road presence.

Rear spoiler

Boost the aerodynamic performance of your car while adding an undeniably sporty aesthetic.

Side sills

Chrome side sills that run low along both sides of the car, to give it a touch of prestige style.

Aluminium scuff plates

Protect the finish on your door sills with a set of smart scuff plates, adorned with the Toyota Hybrid logo.

ACCESSORIES

Holiday Pack

Now, with a roof rack and luggage box created specifically for your Toyota, you can take even more luggage with you.

Roof rack

Enjoy extra carrying capacity with this lockable aluminium roof rack. Easily installed, it forms a secure base for a wide range of specialised attachments such as the Toyota roof box L.

Toyota roof box L

This streamlined storage box adds space for luggage and anything else you might want to take with you. With a key that can't be removed until all locking points are closed and easy access from both sides, it's safe and convenient too.

The fuel consumption, CO₂, electric range and electric energy consumption values (as applicable) are measured in a controlled environment on a representative production model, in accordance with the requirements of the WLTP European regulation EC 2017/1151 and its applicable amendments. For each individual vehicle configuration, the final fuel consumption, CO₂, electric range and electric energy consumption values (as applicable) may be calculated based on the ordered optional equipment. The values of your vehicle may vary from those measured or calculated values, as driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, tyre pressure, load, number of passengers, etc.) have an influence on a car's fuel consumption, CO₂ emissions, electric range and electric energy consumption.
