

YARIS

WHY STOP?

The perfect city car, designed for urban life, new Yaris fuses progressive Hybrid technology with a fully charged, 'ready to go' design.

Because, when you have the energy to keep going, why stop?

TOYOTA YARIS NAMED CAR OF THE YEAR 2021

Judged by a panel of senior motoring journalists, the Yaris has been acclaimed the most outstanding new car to go on sale in 2020.

DESIGN THAT

Designed with passion, driven by obsession. The new Yaris seizes the moment through expressive design that conveys its passion for life and love of movement. Bold and distinctive, its wide and compact stance hugs the road with a reassuring strength that belies its agile, dynamic nature.

BLACK BEAN – KUROMAME
The rounded curves and glossy skin of the Japanese kuromame bean are re-invented throughout the design of new Yaris.

DYNAMIC BULL SHAPE AND STANCE
Inspired by the Mighty Bull, new Yaris possesses a powerful kinetic energy that is always ready to go.

'PEAK' ROOF LINE
The unbroken line running from the bonnet and extending to the roof creates a natural peak towards the rear of the roof, giving new Yaris the stance of a sprinter, poised and ready to take off.

BOOMERANG REAR BUMPER
The boomerang design rear bumper pushes the rear wheels outward for a powerful, planted stance.

DRIVES YOU

CONDENSED & AGILE
Every millimetre is considered: short overhangs and generous wheelbase put the space where it counts, on the inside.

Mario Majdandzic – Yaris Lead Exterior Designer

HYBRID, THE POWER TO

New Yaris introduces a brand new 1.5 litre petrol engine and enhanced 4th generation hybrid system for an unrivalled combination of engaging performance and outstanding economy.

Built on more than 20 years of experience the new, lightweight lithium ion battery can store more power, whilst the self-charging hybrid system can recover more energy.

ELECTRIFY

FOCUSED ON

From the soft-touch dashboard to the stunning binocular design dials, every detail of new Yaris is created around you, ensuring ease of use and reduced eye movement. The clean, minimalist design keeps your hands on the wheel and your eyes on the road whilst the low dashboard, compact steering wheel and deep front screen combine to deliver the confidence that only a perfect driving position can give.

YOU

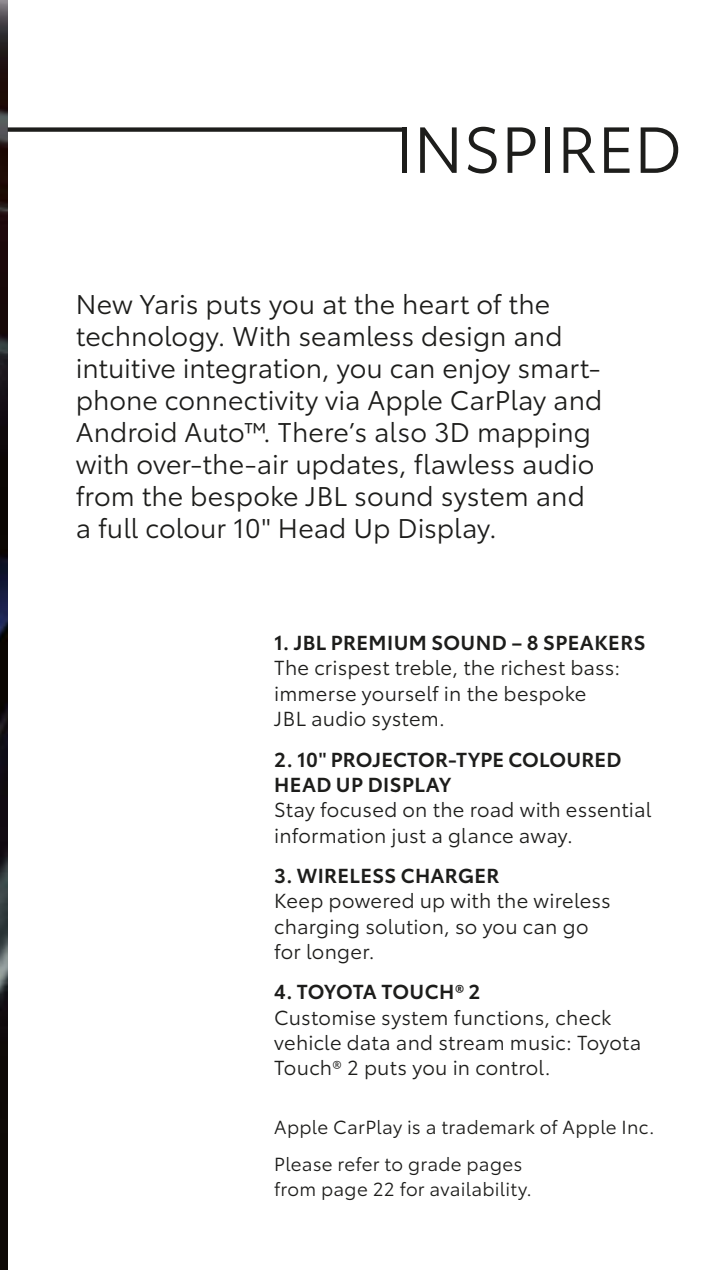

EVERYDAY

ELEGANCE

With a modern, inviting and stylish interior, new Yaris combines quality finishes and ambient lighting to create a rich sensory environment that never loses its sense of fun. From the luxury of a heated steering wheel, to the convenience of front armrest storage*, with new Yaris you can have it all.

* Available on Hybrid grades.

1. JBL PREMIUM SOUND – 8 SPEAKERS

The crispest treble, the richest bass: immerse yourself in the bespoke JBL audio system.

2. 10" PROJECTOR-TYPE COLOURED HEAD UP DISPLAY

Stay focused on the road with essential information just a glance away.

3. WIRELESS CHARGER

Keep powered up with the wireless charging solution, so you can go for longer.

4. TOYOTA TOUCH® 2

Customise system functions, check vehicle data and stream music: Toyota Touch® 2 puts you in control.

Apple CarPlay is a trademark of Apple Inc.

Please refer to grade pages from page 22 for availability.

DRIVE CONNECTED

ALWAYS CONNECTED, NEVER FAZED

With Toyota Smart Connect, advanced multimedia and connectivity is at your fingertips. A new 9" high-definition touch screen makes streaming playlists, taking phone calls and accessing trip information easy, intuitive and safe. Featuring connected cloud navigation with live road events, Toyota Smart Connect takes the stress out of every trip. Its community-based, real-time accident and speed camera warnings plus live traffic navigation and over-the-air map updates make journeys feel smoother than ever. To help you stay focused on what matters, a full colour 10" Head-up Display projects essential information at a glance in your eyeline.

Discover more at: www.toyota-europe.com/MyT

Available on Elegant, Style and GR SPORT grades.

CONNECTED WHENEVER, WHEREVER

With the MyT app's expanding Connected Services offering, you can feel connected to your car, no matter where you are. Plan and share journeys from home, receive service reminders on the move and optimise your EV driving style to lower your fuel consumption with Hybrid Coaching. MyT helps you get the most out of life

LIFE IN SYNC

You'll also enjoy the freedom of wireless smartphone integration, including Apple CarPlay with Siri voice assist and Android Auto™ with Google assistant. Once connected, your favourite smartphone apps like Spotify, WhatsApp, Audible, Google Maps and Waze are accessible on the car's large touch screen. From playing music and making calls to listening to messages, you'll always feel in sync with life.

For further information please go to www.toyota-europe.com/MyT/disclaimer. The Toyota Touch® multimedia system can be selected by users wanting smartphone 20 integration via USB connection and the basic suite of MyT Connected Services.

POWER YOUR

New Yaris offers a choice of three petrol powertrains: a 1.0 litre 3-cylinder and an all-new 1.5 litre 3-cylinder, available with and without hybrid. With high levels of torque, the 1.5 litre engine seamlessly delivers smooth, linear acceleration. Responsive and nimble in town it's also perfect on the motorway.

PERFORMANCE

MOVING SAFETY

FORWARD

Toyota believe that safety is a right, which is why new Yaris is the safest Yaris ever. Packed full of technology, standard equipment includes Toyota Safety Sense with an advanced Pre-Collision System with Emergency Steering Assist and Intersection Turn Assist.

In addition, Intelligent Cruise Control, which includes Adaptive Cruise Control combined with Road Sign Assist, automatically keeps the car at a pre-selected speed, warns the driver if the speed limit changes and allows to easily adapt the cruising speed to match the speed limit.

As light fades to dark, night vision is enhanced by Automatic High Beam doing all the work, brightening and dimming your headlights when appropriate.

So even if you aren't thinking about safety you can be sure that new Yaris is.

Please refer to grade pages from page 22 for availability.

**PRE-COLLISION SYSTEM
ENHANCED WITH EMERGENCY
STEERING ASSIST AND
INTERSECTION TURN ASSIST**
Pre-Collision System is using alert, brake assist or automatic braking to reduce the likelihood and severity of impact, and can detect cars, pedestrians (day or night) and cyclists (day only).

Two new functions support the driver even further in daytime driving: Intersection Turn Assist provides help when turning at junctions, while Emergency Steering Assist helps the driver to operate prompt steering while keeping vehicle stability when making evasive manoeuvre.

LANE TRACE ASSIST
This feature allows to keep the vehicle centred in its lane and if the car begins to drift from its lane unintentionally, steering assist is applied to correct its course.

BLIND SPOT MONITOR
Alerts the driver to any vehicles that might be missed in the side view mirrors.

**REAR CROSS TRAFFIC ALERT
WITH AUTOMATIC BRAKING AND
INTELLIGENT CLEARANCE SONAR**
When you back out of a parking space, rear-mounted sensors identify vehicles approaching from the left or right, or stationary objects. Warnings are given and the brakes applied to avoid a collision.

DEFINE YOUR STYLE

HIGHLIGHT THE BASE – TOKYO FUSION OR MARBLING PURPLE

Coloured and contoured to integrate smoothly with your new Yaris. This set-up gives your Yaris a look you can't ignore. Get a powerful low profile appearance in an easy and accessible way. Make a first impression that sticks.

MAIN FEATURES AVAILABLE IN ●●

- Front, side and rear sticker pack
- Mirror cover
- Centre cap
- 17" alloy wheels

ACCENTUATE YOUR YARIS – GARNISHES IN TOKYO FUSION, MARBLING PURPLE OR CARBON

Eye-catching yet complementary to your new Yaris' style, these innovative finishing touches combine seamlessly to create a fresh and unique feel. Be different and stand out.

MAIN FEATURES AVAILABLE IN ●●

- Front and rear garnish
- Side sills
- Mirror cover
- Centre cap
- 17" alloy wheels – glossy black

CARBON PACK

The carbon pack adds a strong and athletic look to your car. Carbon pack accessories reflect the best in urban styling. The roof spoiler's integrated aerodynamics and rear garnish create a powerful sporty appearance. The Side sills are shaped to complement your car's sculpted streamlining. The Mirror covers with a carbon-look finish highlight the mirror design.

Carbon rear lower garnish

MAIN FEATURES AVAILABLE IN CARBON

- Mirror cover
- Side sills
- Rear spoiler
- Rear lower garnish
- 16" alloy wheels – matte black

HYBRID STYLING

Make an impression with Toyota's Hybrid protection accessories. From scuff plates to protect your paintwork, to non-slip textile mats with elegant silver detailing. Complement Hybrid styling with your Hybrid Smart Entry key cover.

TRANSPORT TO THE MAX

The aerodynamic design of the lockable roof rack makes the perfect foundation for a wide range of attachments, from luggage boxes and ski racks to bicycle carriers. The ski & snowboard holder is designed to carry up to 4 pairs of skis or 2 snowboards. Its secure fastenings use rubber profiles that are kind to your equipment.

DETACHABLE TOWING HITCH

Easy to fit, lockable and with an anti-corrosion surface, this detachable towing hitch can be stored when not in use.

CHROME YOUR STYLE

Eye-catching chrome detailing added to your front bumper and grill. Contoured chrome side sills that integrate smoothly with the side of your car, creating a powerful aerodynamic. The rear chrome garnish adds a subtle touch of pure quality.

MAIN FEATURES

- Front and rear garnish
- Chrome side sills
- 17" alloy wheels – anthracite machined

The fuel consumption and CO₂ values are measured in a controlled environment on a representative production model, in accordance with the requirements of the new WLTP European Regulation EC 2017/1151 and its applicable amendments. For each individual vehicle configuration, the final fuel consumption and CO₂ values may be calculated based on the ordered optional equipment. The fuel consumption and CO₂ values of your vehicle may vary from those measured or calculated values, as driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, tyre pressure, load, number of passengers, etc.) have an influence on a car’s fuel consumption and CO₂ emissions. For more information regarding the new WLTP test method, please visit: <https://www.toyota-europe.com/world-of-toyota/feel/environment/worldwide-harmonized-light>

TOYOTA 2050 ENVIRONMENTAL CHALLENGE & ENVIRONMENTAL LIFECYCLE POLICY

At Toyota, we want to go beyond zero environmental impact and leave the world in a better place than we found it. To make that happen, we have set ourselves six challenges to complete by 2050. Each one presents its own difficulties, but we are committed to generating a positive and sustainable impact on society and the natural world as a whole.

For more information regarding Toyota Environmental Challenge please visit: www.toyota-europe.com/world-of-toyota/feel/environmental-sustainability or contact your local Toyota retailer.

CHALLENGE 1

NEW VEHICLE ZERO CO₂ EMISSIONS

By 2050, we want to reduce the CO₂ emissions from our vehicles by 90% compared to our 2010 levels. To achieve this, we will promote the development of new vehicles with low or zero carbon emissions, and do everything we can to increase the uptake of these vehicles.

CHALLENGE 4

MINIMISING AND OPTIMISING WATER USAGE

To minimise water usage, we have started to collect rainwater at our manufacturing plants. We have also developed purification methods so that the water we do use can either be used again or returned safely into the local supply.

* Toyota's LCA methodology, which is applied to our passenger vehicles, was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

CHALLENGE 2

LIFE CYCLE ZERO CO₂ EMISSIONS

We are working to create more environmentally friendly designs – and then analysing and refining them to ensure the lowest possible environmental impact throughout the vehicle's entire life cycle*.

CHALLENGE 5

ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

We've been working on the challenge of resource recycling for 40 years, with the result that 95% of every Toyota Yaris is now reusable and recoverable. In addition, we offer new and innovative ways of returning your vehicle when it eventually reaches 'the end of the road'.

CHALLENGE 3

PLANT ZERO CO₂ EMISSIONS

To reduce carbon emissions at our manufacturing plants, we are focusing on improving the technologies we use and switching to alternative power sources. We are committed to making our facilities more energy-efficient and adopting renewable energy sources such as solar and wind, as well as low-carbon power such as hydrogen energy.

CHALLENGE 6

ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

To preserve and enhance our co-existence with the natural world, we are organising reforestation and tree planting, green urban schemes and other environmental initiatives, both at our own sites and in the wider world. Our aim is to establish a society where people and nature coexist in harmony.

The Toyota Yaris is built to the highest quality standards at TMMF in France.

YOUR COMPLETE PEACE OF MIND WITH TOYOTA

HYBRID SERVICE PROGRAMME

Hybrid Battery Extra Care cover* on an annual/15,000 km basis (whichever comes sooner) up to the 10th year from vehicle registration date.

QUALITY SERVICE

Your Toyota will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

LOW MAINTENANCE COSTS

All Toyota vehicles are designed and engineered to minimise your maintenance costs.

GENUINE PARTS

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle.

COMPREHENSIVE WARRANTY

Every new Toyota comes with a 3-year/100,000 km vehicle warranty[§], which covers any defect caused by a manufacturing fault[§].

ADDED SECURITY

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test.

GENUINE ACCESSORIES

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. All accessories are covered by a 3-year warranty when purchased together with the vehicle[§].

TOYOTA EUROCARE

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years**.

For more information on peace of mind visit: www.toyota-europe.com/service-and-accessories

* Check with your retailer for specific Toyota Hybrid Service Programme details. [§] Check with your retailer for specific warranty details. [§] Transport to the nearest authorised Toyota repairer will also be covered. In addition the 3-year/unlimited mileage paint warranty protects against defects and surface rust caused by a manufacturing fault. Every new Toyota is covered by a 12-year anti-corrosion (not valid for commercial vehicles) warranty against perforation of body panels caused by a manufacturing fault in materials or workmanship. ** Belgium 5 years/Portugal and Denmark 1 year.

TOYOTA 2050 ENVIRONMENTAL CHALLENGE & ENVIRONMENTAL LIFECYCLE POLICY

At Toyota, we want to go beyond zero environmental impact and leave the world in a better place than we found it. To make that happen, we have set ourselves six challenges to complete by 2050. Each one presents its own difficulties, but we are committed to generating a positive and sustainable impact on society and the natural world as a whole.

For more information regarding Toyota Environmental Challenge please visit: www.toyota-europe.com/world-of-toyota/feel/environmental-sustainability or contact your local Toyota retailer.

CHALLENGE 1 NEW VEHICLE ZERO CO₂ EMISSIONS

By 2050, we want to reduce the CO₂ emissions from our vehicles by 90% compared to our 2010 levels. To achieve this, we will promote the development of new vehicles with low or zero carbon emissions, and do everything we can to increase the uptake of these vehicles.

CHALLENGE 4 MINIMISING AND OPTIMISING WATER USAGE

To minimise water usage, we have started to collect rainwater at our manufacturing plants. We have also developed purification methods so that the water we do use can either be used again or returned safely into the local supply.

* Toyota's LCA methodology, which is applied to our passenger vehicles, was reviewed and approved by TÜV Rheinland and has been certified to comply with ISO14040/14044 standards.

CHALLENGE 2 LIFE CYCLE ZERO CO₂ EMISSIONS

We are working to create more environmentally friendly designs – and then analysing and refining them to ensure the lowest possible environmental impact throughout the vehicle's entire life cycle*.

CHALLENGE 5 ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

We've been working on the challenge of resource recycling for 40 years, with the result that 95% of every Toyota Yaris is now reusable and recoverable. In addition, we offer new and innovative ways of returning your vehicle when it eventually reaches 'the end of the road'.

CHALLENGE 3 PLANT ZERO CO₂ EMISSIONS

To reduce carbon emissions at our manufacturing plants, we are focusing on improving the technologies we use and switching to alternative power sources. We are committed to making our facilities more energy-efficient and adopting renewable energy sources such as solar and wind, as well as low-carbon power such as hydrogen energy.

CHALLENGE 6 ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

To preserve and enhance our co-existence with the natural world, we are organising reforestation and tree planting, green urban schemes and other environmental initiatives, both at our own sites and in the wider world. Our aim is to establish a society where people and nature coexist in harmony.

The Toyota Yaris is built to the highest quality standards at TMMF in France.

YOUR COMPLETE PEACE OF MIND WITH TOYOTA

HYBRID SERVICE PROGRAMME

Hybrid Battery Extra Care cover* on an annual/15,000 km basis (whichever comes sooner) up to the 10th year from vehicle registration date.

QUALITY SERVICE

Your Toyota will need a Health & Safety check at least once every 2 years/30,000 km (whichever comes sooner). An intermediate check is necessary every year or 15,000 km.

LOW MAINTENANCE COSTS

All Toyota vehicles are designed and engineered to minimise your maintenance costs.

GENUINE PARTS

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle.

COMPREHENSIVE WARRANTY

Every new Toyota comes with a 3-year/100,000 km vehicle warranty[§], which covers any defect caused by a manufacturing fault[¶].

ADDED SECURITY

Toyota's comprehensive security system withstands the insurance industry's rigorous 5-minute attack test.

GENUINE ACCESSORIES

Toyota accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. All accessories are covered by a 3-year warranty when purchased together with the vehicle[§].

TOYOTA EURO CARE

Enjoy peace of mind driving with complimentary Toyota Eurocare roadside assistance in 40 European countries for 3 years**.
